Injuries happen when you’re active. But in the hands of a Licensed Athletic Trainer, you can trust you’ll be back on your feet.

ATs are healthcare professionals who work to prevent, diagnose and treat injuries. ATs are also uniquely qualified to respond to other emergency, acute and chronic medical conditions - including cardiac abnormalities and heat stroke. This message is brought to you, in partnership, by the North Carolina Board of Athletic Trainer Examiners and the Board of Certification for the Athletic Trainer.

The North Carolina Board of Athletic Trainer Examiners issues licenses to individuals qualified to practice athletic training. Learn more about Licensed Athletic Trainers at NCBATE.ORG.

The BOC develops and administers the Athletic Trainer exam. Individuals applying for an Athletic Trainer license must provide proof of successfully completing the BOC Athletic Trainer exam. Learn more at BOCATC.ORG.
